MEMORANDUM FOR: Robert M. Gates  
Chairman, National Intelligence Council

THROUGH: Herbert E. Meyer  
Vice Chairman, National Intelligence Council

FROM: David B. Low  
National Intelligence Officer at Large

SUBJECT: Request to Publish Supporting Analysis (Volume II)  
of IIM Without the NO CONTRACT Caveat (U)

1. Current publication guidelines dictate that all NIC products bear the NO CONTRACT caveat by virtue of being Intelligence Community publications, and because of specific references to individuals (e.g., authors) and to other IC publications.

2. We are now in the process of publishing the two-volume IIM,

Volume I was sanitized to remove all references to individuals and to IC publications and is being printed under separate cover as releasable to contractors. We would like to publish the second volume, Supporting Analysis, with one printing releasable to contractors.

3. This IIM was prepared by individuals from both the intelligence and R&D communities, and was intended--among other things--to assist both communities in materiel development. Much of that work is done under contract, so the report was prepared with care not to include "NO

CONTRACT"-caveated information. The overall classification of each volume is "SECRET NOFORN." Volume II contains no references to individuals or Intelligence Community publications.

4. Given the work load in the printing plant, the publications group would like to print this volume in one version only. That can be accomplished by your approval to remove the "NO CONTRACT" caveat from the classification.
